Dear Bruce,

Thank you for the positive feedback, we appreciate it.

The following statement amends Section C.5.e.iii on page 5-2 of Daly City's submittal of the 2010-2011 MRP Annual Report:

There were no problems found with the activities used to survey the stormwater collection system for illicit discharges and illegal dumping. However, there continues to be a problem of illegal dumping on city streets and sidewalks. The items found are usually large such as mattresses, furniture, tires, etc. When found, they are immediately removed by City staff. Daly City will continue to promote disposal events through local media, our HHW cleanup events, E-Waste recycling events and free cleanups by the local solid waste company to educate residents to properly dispose of their waste and not to dump illegally.

Thank you.

Sincerely yours,

Patrick Sweetland  
Director of Water and Wastewater Resources
